

ANIMAL WELFARE

At ***Sunprime Kamala Beach***, we act responsibly to prevent the mistreatment of animals. And to better protect them, we aim to overcome the challenges in animal tourism and safeguard local livelihoods. We ensure that animals are treated and looked after based on international standards.

With this, please be informed that the hotel is not offering/selling any animal oriented activities and excursions, which includes (but are not limited to) elephant riding, dolphins in captivity, and any 'performances' by animals for entertainment purposes.

Sunprime Kamala Beach is committed to comply with the international animal welfare requirements as part of its sustainability development goals and we would strongly encourage all of our guests to do the same.
